

Monday Memo October 26-30

Dear Mt. Lehman Families,

As the days become darker and we move into the fall, we want to share some important reminders about student safety before and after school:

- School personnel monitor the parking lot (not the playground or the fields) beginning 15 minutes before the bell and 15 minutes after the bell so please do not drop students off more than 15 minutes before the bell, as supervision is not in place before that time.
- There is no playground or field supervision before or after school. Parents and caregivers are responsible for supervising their children if they are playing on the playground or fields during these times. If you would like your child(ren) to play before or after school, please arrange to be with them.
- If children would like to play with sports equipment before or after school, equipment must be brought from home. School sports equipment is not available during these times.
- Please keep the drop-off and pick-up lane safe and running smoothly. Do not park or leave your vehicle in the fire lane or drop-off/pick-up lane. This lane is for driving through and for quick student drop-off and pick-up only.
- With the darker mornings and afternoons, please take a little extra care when driving, walking, and crossing through our school grounds. Children and families can be much harder to see in low-light conditions, especially during this busy time of year.

Thank you for working together with us to keep our students and school community safe. We truly appreciate your cooperation, care, and support.

Warmly,

Maralee Lincoln, Mt. Lehman Elementary Principal
